

Vinayaka Umapati Hegde

Address:

Hoodehadda, Po:Karkisaval, Tq:Siddapura
Uttara Kannada, Karnataka – 581355

Email: vinayak.hegde2001@gmail.com

Phone No: +91 9481559531
+91 9380690932

CAREER OBJECTIVE:

To build a career that offers challenge and growth with opportunities to enrich my knowledge and skills while contributing my best to the organization I work for.

EXPERIANCE SUMMARY:

- 2+ year of experience in Devops (Kubernetes and helm charts).
- Good hands-on experience in Jenkins CI-CD pipeline, Jenkins script, JIRA, Git, Gerrit..
- Hands-on experience on Prometheus, Grafana, kube-state-metrics, alertmanager, pushgateway, node-exporter, webhook4fluentd, VictoriaMetrics and Istio service mesh.
- Hands-on experience on docker.
- Testing scenarios on EKS(Elastic Kubernetes Service), OpenShift, Tanzu clouds.
- Automation testing experience using radish framework, python, yaml language, shellscripts.
- Unit testing using Python, YAML and Rego languages.
- X-ray test integration with Jira and Offline Package creation for docker images.
- Implement Helm charts as per HBP(helm best practice) requirements.

WORK EXPOSURE:

- Associate, Nokia Solutions and Networks India Pvt Ltd, Aug 2022 – till now.
- Student Trainee, Nokia Solutions and Networks India Pvt Ltd, Jan 2022 – May 2022 .

TECHNICAL EXPOSURE:

Operating System : Linux, Windows

Programming Language : Python, YAML, HTML, Basics of C, Go, Datastructure, Bash Script.

Technology : Devops, Automation, Helm, K8S, Docker

TOOLS AND UTILITIES:

Configuration management : GIT, GERRIT, Jenkins

Other tools : Sonarqube, BlackDuck, WSL, Virtual Box

EDUCATION:

Degree	Institution	Year of Passing	CGPA/%
BE (CS)	KLE Technological University, Hubli	2022	8.67/10(CGPA)
PUC	MES P.U College, Sirsi	2018	96.33%
SSLC	Ashoka High School, Harsikatta	2016	93.92%

PROJECTS:

Project Name : Syslog Implementation

Description:

Implement the syslog feature for Prometheus, grafana and Victoria metrics charts along with unit test and automation.

Features and Role:

- Configuring Fluentd for Prometheus, grafana and Victoria metrics in such a way that logs will be forwarded to fluentd container.
- Configuring Logrotate for the same in such a way that it should control the size of the logs
- Write Unit test for all possible test case scenarios.
- E2E Automation changes for Fluentd and LogRotate.

Project Name : Helm Best Practices Requirements Implementation

Description:

Implement the charts according to HBP latest requirements along with Unit test for all the test scenarios and corresponding Automation changes.

Features and Role:

- Implement CPRO(components of Prometheus), grafana, gen3gppxml and Victoria Metrics (vmagent, vmcluster, vmaalert and vmsingle) charts according to latest HBP requirements and make necessary chart changes to achieve that.
- Write Unit test to check all possible test cases and make sure its passing for all cases.
- As Unit test will not cover some functional Test scenarios, will take care that in Automation, where we used Radish framework, write feature files for set of scenarios.
- Corresponding Jenkins script changes for Automation to trigger the pipeline and get a green build. Monitor the pipelines for any build failures and Fix it.

Project Name : X-ray Test integration with JIRA

Description:

Creating the Xray-test IDs which will automatically uploads all Test executions to JIRA.

Features and Role:

- Import Test Jiras with specific Bulk Test IDs and get list of Test IDs which will be use in each Test scenarios.
- Written Jenkins script such that convert test scenarios from xml to xray test ID format and upload it to corresponding Jira with Pass or fail case as well as updating all information automatically in Jira Test Plan.

ACADEMIC PROJECTS:

- Cybersecurity Lab as a Service .
- Stock Return Prediction by QRT.

PERSONAL SKILLS:

- Good learner, enjoy learning new thing.
- Working efficiently with the team and as an individual.
- Positive attitude, working under pressure.

OTHER INTERESTS:

- Playing Cricket, TT, Badminton, etc.
- Singing, playing Tabla.

I hereby declare that all the information presented above is true to the best of my knowledge.
